

An Introduction to Discipline from the Heart

A workshop for gay fathers on the unique joys and challenges of fatherhood

Today, more and more gay fathers in the Puget Sound region are navigating parenthood in a world geared towards “mommies.” Join other gay fathers in a comfortable environment as you explore “Discipline from the Heart,” a unique and well tested parenting approach. Begin to learn about effective and sensitive ways to respond to children’s behavior. Also discuss your children’s understanding of the uniqueness and wholeness of your family.
